

# january sales!

## new year update

As we enter 2006, our third full year of business, we are able to offer our candidates an unprecedented level of career opportunities this month!

Last year saw continued expansion of our sales team, a move into larger

offices to facilitate further growth, and the launch of our technical services division **jmanetWork**.

None of this would have been possible without the tremendous support of our clients and candidates throughout 2005, and we thank you for the help and encouragement you have given!

We have launched our new corporate website this month, and invite you to view our online vacancy selection. Take a peek at our major customer list, and call us directly if you would like a one-to-one introduction to our Preferred client list!

## january jobshop

This month we are holding our weekly job shop every Thursday at our Fleet Street office. If you live in the South East and seek career advice from the industry specialists, then call us now to book an appointment. Over the next few months we will be visiting Birmingham, Bristol, Manchester, Leeds and Edinburgh.
