

# Let's get **connected!**

We are pleased to announce the launch of **jmanetWork**, the dedicated Telecoms Technical recruitment division of the jmacommunication group. We have established this technical recruitment focus to create a complete solution for our growing client base.

Having networked more than 10,000 Telecoms people during the last two years; we are in the best position to meet your needs for design, development and implementation staff, contract or permanent.

Our Divisional Manager, **Patrick Judges**, brings 18 years of experience within technical recruitment, to lead our solutions team! Whether you are a Client or Candidate, please feel free to call us today to discuss your situation.
